In appreciation for his patient guidance, for his inspiration, for his loyalty; and with honor for his devotion to Essex Agricultural and Technical Institute and its students, we, the Class of 1975, with the greatest pleasure and respect, dedicate this edition of the MAPLE to Mr. Nathan Clark.

To the Members of the Class of 1975

Twelve years ago, you, the members of the class of 1975, began. At that time, none of you knew each other; in fact most of you were from different schools and different cities and towns throughout Essex County. Yet from all of these separate starting points, you have been drawn together by the desire for a career-orientated education. This common bond has entwined the members of the class, and many enduring friendships have been formed. Your class spirit has been excellent and I hope your camaraderie will be continued through your Alumni Association.

Congratulations to each of you, and may I wish you every success in your future endeavors.

Raymond F. Potter
Director

To the Senior Class of 1975

As you enter today's working world - a world complete with problems of pollution, energy, food and inflation, be aware of your own needs in life and your responsibilities to society. My most earnest wish is that you will draw upon what you have learned at the Essex Agricultural High School in the development of your careers and in facing, perhaps even solving, many of the problems around the world.

I hope that each one of you will take with you a strong and warm feeling for "Essex" and continue to keep in close contact with us and your classmates through the Alumni Association.

Congratulations and my sincerest best wishes.

YEARBOOK STAFF

Working with the 1975 Yearbook Staff has been a positive experience. Putting a yearbook together requires much time and effort. This year's staff has been extremely dependable, and always ready to work. It is this cooperation that makes the yearbook's publication possible, and it has been a pleasure to advise such a wonderful group.
